

We are the experts in teaching teachers. We are Neuhaus Education Center, a nonprofit in Houston, providing research-based instruction for teaching reading, writing, and spelling to all students for 30 years.

Since 1980:

-  51,000 teachers have attended Neuhaus literacy professional development classes.
-  5.7 million students have learned to read through teachers who received Neuhaus instruction.

Teaching a child to learn to read will impact that child's life forever. Providing teachers with the knowledge and skills needed to teach all students to read is an investment in the future of our Houston community, our state and our nation.
