

# 2024 Texas Dyslexia Handbook Updates

Key Updates Every Parent Should Know

neuhaus  
EDUCATION CENTER

Join the Neuhaus Education Center Family Support Office staff for a webinar crafted for families to learn about key updates to the [Texas Dyslexia Handbook](#) that reflect changes from the Texas House Bill HB3928.

This law is already in effect and impacts dyslexia evaluation, identification, and instruction. The Handbook has been updated to reflect the law.

Questions addressed will include:

- Who should be involved in making dyslexia determinations for a student?
- If dyslexia intervention will only be available through Special Education, what happens for students currently receiving dyslexia intervention through a 504 plan?
- What information should be considered when making a dyslexia determination?
